At **Almary Green** we believe that your finances need to be nurtured and protected.

You've worked hard to build your wealth whether it's personal or business, but there are always demands upon it and many threats to face. We believe it's our job to stand by your side in good times and in bad to ensure that your prosperity is allowed to grow safely and strongly, to provide for your needs and the needs of those who depend upon you.

Our strength lies in being truly independent, with access to products from the whole of the financial services market. Our philosophy is to develop strong lasting relationships with our clients. We stand by our reputation for professionalism and our success has been with us for many years. Since the business began in 2001, we have retained 99% of all the clients who engaged with us.

We have advisers based in Norfolk, Suffolk and Cambridgeshire, supporting both businesses and individuals throughout East Anglia and beyond. Our main office is in one of Norwich's premier business districts, Meridian Business Park.

Over the last ten years **Almary Green** has grown steadily year on year and we now have over £250 million of client funds under management. Green by name, we work hard to be green by nature, by using technology to run a paperless office and to enable our advisers to work remotely keeping their annual mileage to a minimum.

Almary Green is authorised and regulated by the Financial Services Authority.
