

M+A Partners has been helping clients to grow their businesses and achieve their ambitions for almost a century - and we're immensely proud of our history. We're a forward-looking firm with an emphasis on innovation, new technology and finding pioneering ways to give our clients the best possible service.

Our Norfolk-based firm is led by nine partners who are some of the most high-profile and well-respected experts in their fields locally, supported by a talented team of over fifty staff.

We have a well-earned reputation for building excellent relationships with clients and the wider business community. That has always been, and continues to be our number one priority.

Why Xero?

From baking to bricklaying, consulting to crafting - whatever keeps you busy, Xero makes your business life easier. Xero is online accounting software that connects you with your numbers, your business and us, your advisers. Anytime, anywhere from any device.

Collaborate in the cloud

Bringing more heads to your books is easy with Xero. Just give us access and we'll log in, look at your numbers and give you advice. Perfect for spotting opportunities and nipping problems in the bud.

Reconcile from anywhere

Xero receives your bank statements automatically via a secure connection, making it a breeze to reconcile and gain a complete and up-to-date snapshot of your business. And if something doesn't look right, leave a comment. We'll log in and give you a quick health check.

Mobile access

Access accounts, check balances, upload receipts and invoice customers from your smartphone or tablet with Xero's iPhone or Android app.

Invoicing helps you get paid faster

Login and send an invoice the minute a job is done. You get notified when your customer opens the invoice, and they can pay you online right away.

And we know that staying on top of your old invoices is hard work. So we'll check in from time to time and make sure you're getting paid as much and as fast as you deserve.

Xero has been designed to make it simple to run your business and access the information you need.

Anna and Peter are amongst the thousands of small business owners across the UK enjoying the benefits of Xero:
