

Why Xero?

From baking to bricklaying, consulting to crafting - whatever keeps you busy, Xero makes your business life easier. Xero is online accounting software that connects you with your numbers, your business and us, your advisers. Anytime, anywhere from any device.

Collaborate in the cloud

Bringing more heads to your books is easy with Xero. Just give us access and we will log in, look at your numbers and give you advice. Perfect for spotting opportunities and nipping problems in the bud.

Reconcile from anywhere

Xero receives your bank statements automatically via a secure connection, making it a breeze to reconcile and gain a complete and up-to-date snapshot of your business. And if something does not look right, leave a comment. We will log in and give you a quick health check.

Mobile access

Access accounts, check balances, upload receipts and invoice customers from your smartphone or tablet with Xero's iPhone or Android app.

Invoicing helps you get paid faster

Login and send an invoice the minute a job is done. You get notified when your customer opens the invoice, and they can pay you online right away. And we know that staying on top of your old invoices is hard work. So we will check in from time to time and make sure you are getting paid as much and as fast as you deserve.

Low cost

Competitive annual cost, offering a reduced rate compared to subscribing directly with Xero.

Our charges are invoiced as a single upfront payment, from sign-up to the following August. Enhanced Xero packages are available, with varying levels of cost. Please get in touch for further details.
