## Having a valid Will

---

In making a Will you are ensuring that your estate is dealt with according to your wishes, whilst also providing for those close to you in a tax-efficient way.

There are strict laws that dictate how property and assets are to be divided if no Will is in place and this may not be in accordance with your wishes and requirements.

## Lasting Powers of Attorney

---

Lasting Powers of Attorney (LPA) enable you to select the people you trust to make decisions on your behalf and in your best interests when you may not be able to make these decisions yourself, through illness or loss of capacity. There are two types of LPA, Property & Financial Affairs (PA) and Health & Welfare (HW).

The existence of a registered LPA removes any additional costs, stress and potential delays when making decisions about your affairs.

## The STEP Code for Will preparation

---

Our adherence to the STEP Code gives you the confidence that our professionals will be adhering to a framework when preparing your Will. This ensures we obtain all the pertinent information from you to prepare and write a Will that accurately reflects your wishes.

## What is involved in preparing a Will?

---

Our professional and friendly team are experienced in talking through your current position and future wishes and will discuss all aspects of the Will writing process with you, giving you a clear and thorough understanding of the options available.
