Partners

Hello from the Cromer office

Welcome to the latest edition of our Cromer office newsletter. This issue has a focus on VAT, including the penalties for the late submission and payment of VAT and the 'Time to Pay' facility. We also cover some of the current tax updates, including basis period reform - you can download our helpful factsheet to find out the impact this has on sole traders and partners in a partnership that do not currently align to the tax year for their accounts.

A key focus for many businesses is how we can reduce our carbon footprint and address any negative environmental or social impacts triggered by the way we work. We share the priorities of our Environmental, Social and Governance committee and some of the great initiatives they have actioned to date.

Businesses and community organisations in North Norfolk are being invited to apply for support for capital projects via the Rural England Prosperity Fund. We include details of the funding available, specifically the Rural Business and Communities Grant.

We have welcomed three new team members in recent months - we introduce you to David Cunningham, Accounts and Tax Assistant Manager; Harleigh Byers, Accounts and Tax Trainee; and Lois West, Accounts and Tax Trainee.

Finally, we include the usual round-up of events to enjoy when you are out and about in our wonderful region as we head into the autumn months.

We hope that you find these newsletters to be a helpful source of information and advice. Should you wish to see any particular subjects covered in future issues, we would be pleased to hear from you - simply get in contact using the details below.

Basis Period reform

The basis period for income tax is changing. From the tax year 2024-25, unincorporated businesses will move from an accounting year basis to a tax year basis. This means sole traders and partners in a partnership will need to report on profits generated in the tax year instead of in their accounting period.
